

Rivercrest Elementary has been selected as one of eight schools in the state to serve as a working model of a Professional Learning Community (PLC) for the 2018-2019 school year. The school will receive up to 50 days of training, coaching, and support to build and sustain a strong culture of collaboration to enhance student learning. This unique opportunity will focus teaching and learning on increased student achievement. The additional guidance and support will assist us in our efforts for a data-driven approach for instructional decisions that impact students. Congratulations to Rivercrest Elementary!

For more information, please visit the Arkansas Department of Education website at <http://www.arkansased.gov/divisions/special-projects/professional-learning-communities-in-arkansas> and follow this project on social media using #PLC4AR.
